

What courses can I take if I am Engineering Pending?

As long as students meet pre-requisites, engineering pending students can take:

- All appropriate General Education Courses
- All required math courses (MAC 2311, MAC 2312, MAC 2313, MAP 2302)
- All Physics courses (PHY 2048, PHY 2049, PHY 3101)
- Appropriate chemistry course (CHS 1440, CHM 2045)
- Any Computer Science or Information Technology class (Some Engineering majors take these as Technical electives)
- EGS 1006 & EGN 1007 (first year students only)
- EGN 3613
- EGN 3310
- EGN 3211 (restricted to CPE and EE majors only)
- EGN 3365
- EIN 3351
- EMA 3706
- ENV 3001
- STA 3032

What courses will I have access to register for if I am currently enrolled in the final pending requirements?

Students who are in-progress of completing the final pending courses will be allowed access to a second tier of upper division courses necessary for progression in the major, in addition to other math and science prerequisites. Upon successful completion of the in-progress courses students will be changed from pending to the major.

Second tier courses:

- Aerospace: EGN 3321, EGN 3343, EGN 3373, EGM 3601
- Civil: CCE 4003, CGN 3405, CWR 3201, EGN 3321, EGN 3331
- Computer: EEE 3342C, EEL 3004
- Construction: CCE 4003, CGN 3405, CWR 3201, EGN 3321, EGN 3331
- Electrical: EEE 3342C, EEL 3004
- Environmental: CCE 4003, CGN 3405, CWR 3201, EGN 3321, EGN 3343, EGN 3331
- Industrial: EGN 3321, EGN 3343, EGN 3373, ESI 4628C
- Material Science: EMA 3012, EMA 3124
- Mechanical: EGN 3321, EGN 3343, EGN 3373, EGM 3601

If you have any questions regarding your academic progress or courses you should be taking, please contact the CECS Academic Affairs Office at (407) 823-2455.
